Young Investigators’ Research Grants

**Sponsor**: HFSP

**Deadlines**: Mar 19, 2020

**Award Info**: HFSP Research Grants are paid to the team and the maximum amount paid is $450,000 for a team of 4 or more. A team of 2 investigators will receive $250,000 and a team of 3 will receive $350,000 per year.

**Description**: Awarded to teams of researchers, all of whom are within the first five years after obtaining an independent laboratory (e.g. Assistant Professor, Lecturer or equivalent). Letter of Intent are due in March 30th, 2020.

### Mathematical Sciences Program (MSP) Young Investigator Grants

**Sponsor**: NSA

**Award Info**: $20,000 per year for 2 years; must be within 10 years of receiving PhD

**Description**: Deadlines from Sept to mid October annually. No funding for this program in 2020.

### Junior Faculty Development

**Sponsor**: American Diabetes Association

**Deadlines**: Nov 16, 2020

**Award Info**: Maximum Funding: $138,000/year, plus optional student loan repayment ($10K/year)  Support: Project support & PI salary up to $75K, excluding fringe Indirect Support: Up to 10% of directs  The deadline for applications will be November 16, 2020 by 5:00pm ET for July 1, 2021 funding.

**Description**: Award Term: 2-4 years  Applicant: Any level faculty up to & including Assistant Prof or equivalent, ≤10 years research experience beyond terminal degree  Citizenship: Authorized to work in U.S. or U.S. possessions

### Grants-in-Aid

**Sponsor**: Whitehall Foundation

**Deadlines**: Apr 15, 2020

**Award Info**: Grants-in-Aid are awarded for a one-year period and do not exceed $30,000.

**Description**: Must hold Assistant Professor rank; January 15, April 15, October 1 for Letter of Intent deadlines. One application per year, per Investigator

### Henry Dreyfus Teacher-Scholar Awards Program

**Sponsor**: Dreyfus

**Deadlines**: Jun 28, 2020

**The Vaadia-BARD Postdoctoral Fellowship Program**

- **Sponsor**: Binational Agriculture Research & Dev Fu
- **Deadlines**: Sponsor: Jan 15, 2021
- **Award Info**: Award amount: $37,000 including travel expenses + $8,000 dependent allowance.
- **Description**: The Vaadia-BARD Postdoctoral Fellowship program is designed to identify and support young scientists who will eventually become leaders in agricultural sciences and technologies in universities and research institutes in the United States and Israel. The primary objective of the fellowship is to enable young scientists to develop their research skills and to contribute to the advancement of agricultural science and technology.

**GRADUATE**

**The BARD Graduate Student Fellowship**

- **Sponsor**: Binational Agriculture Research & Dev Fu
- **Deadlines**: Sponsor: Jan 15, 2021
- **Award Info**: Award amount: $1500 per month and $2000 to cover travel costs.
- **Description**: Purpose: To enable Ph.D. students in one country (the United States or Israel) to travel to the other country (Israel or the United States) in order to acquire new skills and techniques in their field of study. The exchange will promote collaboration between scientists of both countries.

**YOUNG INV**

**Senior Research Fellowship Program**

- **Sponsor**: Binational Agriculture Research & Dev Fu
- **Deadlines**: Sponsor: Jan 15, 2021
- **Award Info**: Award amount: $3,000 per month plus a onetime allocation of $2,000 for travel.
- **Description**: Purpose: The objective of the senior Research Fellowship is to promote cooperative agricultural research between established scientists from the United States and hosts from Israel. Such fellowships should provide BARD and its scientists with input into advanced research areas and technologies.

**FACULTY**

**The BARD International Workshop Grant**

- **Sponsor**: Binational Agriculture Research & Dev Fu
- **Deadlines**: Sponsor: Jan 15, 2021
- **Award Info**: Award amount: Varies: $20,000 to $45,000
- **Description**: Purpose: The purpose of the BARD workshop is to identify research needs in areas of new development, to define directions and opportunities regarding contemporary agricultural needs and provide information needed to address policy issues. The workshop is intended to promote increased...

- **Sponsor**: AFAR
- **Anticipated Deadlines**: Sponsor: Oct 22, 2020
- **Award Info**: Up to 5 years of funding limited to $225,000 in direct costs per year.
- **Description**: Emerging leaders are clinically trained (primarily physician) early-stage investigators who have begun to establish research careers and have shown signs of leadership potential who will use this award to further develop the tools, skills and resources to have a significant impact in their field of expertise.

**CISE Community Research Infrastructure (CCRI)**

- **Sponsor**: NSF
- **Deadlines**: Sponsor: Nov 11, 2020
- **Award Info**: NSF expects to make the following types of award(s): Standard or Continuing Grants. Up to 10 New awards, up to 5 ENS awards, and 3-5 Planning awards are anticipated in each competition. The majority of the New awards will be made in the $750,000 - $1,500,000 Medium range. A small number of Grand awards...
- **Description**: The Computer and Information Science and Engineering (CISE) Community Research Infrastructure (CCRI) program drives discovery and learning in the core CISE disciplines of the three participating divisions [Computing and Communication Foundations (CCF), Computer and Network Systems (CNS), and Information...

**Energy Frontier Research Centers**

- **Sponsor**: DOE/OS
- **Anticipated Deadlines**: Internal: Dec 10, 2020
  - Sponsor: Jan 16, 2021
- **Limited Submission**: Limit: 2
  - Applied: 0
- **Award Info**: DOE anticipates that award sizes will range from $2,000,000 per year to $4,000,000 per year. Awards are expected to be made for a period of up to four years
- **Description**: Applications will be required to address priority research directions and opportunities identified in recent BES workshop and roundtable reports, the scientific grand challenges identified in the report Directing Matter and Energy: Five Challenges for Science and the Imagination, and the opportunities...

**Lung Cancer Discovery Award**

- **Sponsor**: American Lung Association
- **Anticipated Deadlines**: Sponsor: Oct 3, 2020
- **Award Info**: The Lung Cancer Discovery Award is for $100,000 per year for up to two years
- **Description**: The Lung Cancer Discovery Award is for $100,000 per year for up to two years. The objective of the Lung Cancer Discovery Award is to support independent investigators conducting clinical, laboratory, epidemiological or any groundbreaking project aimed at revolutionizing our current understanding...

**The Allergic Respiratory Diseases Research Award**

- **Sponsor**: American Lung Association
- **Anticipated Deadlines**: Sponsor: Dec 12, 2020
- **Award Info**: The Allergic Respiratory Diseases Research Award is for $75,000 per year, for up to two years. No more than 75% of the requested budget may be used for an awardee’s salary and/or fringe benefits and no more than 30% of the total award budget may be used to fund the purchase of permanent equipment.
Award recipients will be selected by a review panel composed of American Lung Association and American Academy of Allergy, Asthma and Immunology representatives. Awards are administered by the American Lung Association but the funding of the awards is split equally by the associations.

### American Lung Association Catalyst Award

**Sponsor**
American Lung Association  
[External Link](#)

**Anticipated Deadlines**
Sponsor: Dec 12, 2020

**Award Info:**
The Catalyst Grant is for $50,000 per year, for up to two years

**Description:**
The American Lung Association Catalyst Award is a mentored award meant to support outstanding investigators on the path to independence for research into the mechanisms of lung disease and general lung biology. Preference is given to projects that are novel; innovative in design/approach; utilize modern...

### Public Policy Research Award

**Sponsor**
American Lung Association  
[External Link](#)

**Anticipated Deadlines**
Sponsor: Dec 12, 2020

**Award Info:**
The Public Policy Research Award is for a maximum of $50,000 per year for up to two years

**Description:**
The American Lung Association Public Policy Research Award is intended to support research on and evaluation of existing public policy and programs, as well as pilot and demonstration projects that inject innovative ideas and provide evidence for the development of new public policies impacting lung...

### Dalsemer Research Grant

**Sponsor**
American Lung Association  
[External Link](#)

**Anticipated Deadlines**
Sponsor: Dec 12, 2020

**Award Info:**
The Dalsemer Research Grant is for $50,000 per year, for up to two years

**Description:**
The American Lung Association Dalsemer Research Grant is a mentored award meant to provide seed monies to junior investigators on the path to independence for researching the mechanisms and biology of interstitial lung disease. The Dalsemer Research Grant is for $50,000 per year, for up to two years...

### Department of Defense Multidisciplinary Research Program of the University Research Initiative

**Sponsor**
DOD/ONR/ARO/AFOSR  
[External Link](#)

**Deadlines**
Sponsor: Jun 1, 2020

**Award Info:**
Typical annual funding per grant is in the $1.25M to $1.5M range. Each individual award will be for a three-year base period with one two-year option period to bring the total maximum term of the award to five years...

**Description:**
The MURI program supports basic research in science and engineering at U.S. institutions of higher education (hereafter referred to as "universities") that is of potential interest to DoD. The program is focused on multidisciplinary research efforts where more than one traditional discipline interacts...

### AFOSR Multidisciplinary Research Program of the University Research Initiative

**Sponsor**
AFOSR  
[External Link](#)

**Anticipated Deadlines**
Sponsor: Sep 13, 2020

**Award Info:**
Typical annual funding per grant is in the $1.25M to $1.5M range

**Description:**
The MURI program supports basic research in science and engineering at U.S. institutions of higher education (hereafter referred to as...
POSTDOC
Glenn Foundation for Medical Research Postdoc Fellowship in Aging Research

Sponsor: AFAR
Anticipated Deadlines: Sponsor: Jan 22, 2021

Award Info: The grant is $60,000, of which $52,000 (see note below) is to be used for salary and the remainder to be used for allowable expenses (research supplies, equipment, health insurance, travel to scientific meetings where the Fellow is presenting his/her biology of aging research, and relevant research...

Description: This program was developed to address the current concerns about an adequate funding base for postdoctoral fellows (MD, MD/PhD and PhD) who specifically direct their research towards basic aging mechanisms and/or translational findings that have direct benefits to human aging. Postdoctoral fellows at...

FACULTY
Individual Investigator Research Awards

Sponsor: CPRIT
Anticipated Deadlines: Sponsor: Jun 3, 2021

Award Info: Award: Up to $300,000 per year. Exceptions permitted if extremely well justified; maximum duration: 3 years.

Description: Supports knowledge...
### URA Visiting Scholars Program (VSP)

**Sponsor:** URA  
**Deadlines:** Sponsor: Aug 31, 2020

**Award Info:** Applications are judged on the scientific merit of the proposed activity and on the cost-effectiveness of the proposal. As all URA institutions contribute to this program, over time, some consideration is given to the balance among URA institutions, both by region and type.

**Description:** The URA Visiting Scholars Program (VSP) supports the work of faculty and students from the Universities Research Association, Inc. (URA) institutions to work at Fermilab for periods of up to one year. The URA Visiting Scholars Program is supported by contributions from the URA-member universities.

### Materials Research Science and Engineering Centers (MRSEC)

**Sponsor:** NSF  
**Anticipated Deadlines:** Internal: May 1, 2020  
**Sponsor:** Jun 24, 2020  
**Limited Submission Limit:** 1  
**Applied:** 0

**Award Info:** Individual MRSEC awards are expected to range in size from approximately $2.6 million/year for a 2-IRG MRSEC to a maximum of $4 million/year for a 3-IRG MRSEC. Awards will be made for an initial duration of up to six years.

**Description:** The nature of materials research demands mechanisms to support interdisciplinary collaboration for the conception and execution of ideas, and for developing the capabilities to sustain our nation’s competitiveness in the production of new technology and products based on advances in materials research...

### William T. Grant Scholars Program

**Sponsor:** WTGrant  
**Deadline:** Internal: May 4, 2020  
**Sponsor:** Jul 1, 2020  
**Limited Submission Limit:** 1  
**Applied:** 0

**Award Info:** Each year, four to six Scholars are selected and each receives up to $350,000, distributed over five years. Awards begin July 1 and are made to the applicant’s institution.

**Description:** The William T. Grant Scholars Program supports career development for promising early-career researchers. The program funds five-year research and mentoring plans that significantly expand researchers’ expertise in new disciplines, methods, and content areas. Researchers interested in applying...

### Mallinckrodt Grant

**Sponsor:** Mallinckrodt  
**Deadlines:** Internal: Jun 1, 2020  
**Sponsor:** Aug 1, 2020  
**Limited Submission Limit:** 1  
**Applied:** 0

**Award Info:** The regular grants provide $60,000 per year for a period of up to three years. No indirect costs are allowed.

**Description:** The mission of the Foundation is to support early stage investigators engaged in basic biomedical research that has the potential to significantly advance the understanding, diagnosis or treatment of disease. Each institution is allowed to submit one proposal. Applicants should be in the first...

### ADVANCE: Organizational Change for Gender Equity in STEM Academic
### Professions

**Sponsor:** NSF  
**External Link:** ✉️

**Deadlines:**  
- Internal: Jul 3, 2020  
- Sponsor: Aug 3, 2020

**Limited Submission**  
- Limit: 1  
- Applied: 0

**Award Info:**  
Approximately two Institutional Transformation awards up to $3,000,000 for five-year projects are expected to be made under this solicitation. In each year, NSF expects to make: approximately six Adaptation awards up to $1,000,000 for three years; approximately six Partnership awards up to $1,000,000...

**Description:**  
All NSF ADVANCE proposals are expected to take an intersectional approach regarding the salient categories of social identity for the project. Specifically, proposers should recognize that gender, race and ethnicity do not exist in isolation from each other and other categories of social identity, such...

### Sloan Research Fellowships

**Sponsor:** Sloan  
**External Link:** ✉️

**Deadlines:**  
- Internal: Jul 16, 2020  
- Sponsor: Sep 15, 2020

**Limited Submission**  
- Limit: 3  
- Applied: 0

**Award Info:**  
amount of $70,000

**Description:**  
These two-year fellowships are awarded yearly to 126 researchers in recognition of distinguished performance and a unique potential to make substantial contributions to their field.  
Candidates’ most recent Ph.D. (or equivalent) must have been awarded on or after September 1, 2012

---

### Research Experiences for Teachers (RET) in Engineering and Computer Science

**Sponsor:** NSF  
**External Link:** ✉️

**Deadlines:**  
- Internal: Jul 11, 2020  
- Sponsor: Sep 16, 2020

**Limited Submission**  
- Limit: 3  
- Applied: 0

**Award Info:**  
It is anticipated that approximately 9 Site awards will be made per year. The maximum total request for a Site is $600,000 for a duration of up to three years.

**Description:**  
NSF’s Directorate for Engineering (ENG) and the Directorate for Computer and Information Science and Engineering (CISE) have joined to support the Research Experiences for Teachers (RET) in Engineering and Computer Science program. This program supports active long-term collaborative partnerships between...

### WiSTEM2D Scholars Award

**Sponsor:** Johnson & Johnson  
**External Link:** ✉️

**Deadlines:**  
- Internal: Sep 3, 2020  
- Sponsor: Oct 3, 2020

**Limited Submission**  
- Limit: 1  
- Applied: 0

**Award Info:**  
$50,000 per year of the three-year scholarship period

**Description:**  
The Johnson & Johnson Scholars Award Program aims to fuel development of female STEM2D leaders and feed the STEM2D talent pipeline by awarding and sponsoring women at critical points in their careers, in each of the STEM2D disciplines: Science, Technology, Engineering, Math, Manufacturing and Design.

---

### Summer Stipends

**Sponsor:** NEH  
**External Link:** ✉️

**Deadlines:**  
- Internal: Aug 1, 2020
### The Summer Stipends Program

**Award Info:** The Summer Stipends program provides $6,000 to support continuous full-time work on a humanities project for a period of performance of two consecutive months.

**Description:** Summer Stipends are awarded to individual scholars. Organizations are not eligible to apply. Eligible projects usually result in articles, monographs, books, digital materials and publications, archaeological site reports, translations, or editions. Projects...

### NIH Director's Early Independence Award (DP5 - Clinical Trial Optional)

**Award Info:** Awards will be for up to $250,000 in direct costs per year, plus applicable Facilities and Administrative (F&A) costs. Maximum 5 years.

**Description:** The NIH Director's Early Independence Award supports exceptional investigators who wish to pursue independent research essentially directly after completion of their terminal doctoral/research degree or end of post-doctoral clinical training, thereby forgoing the traditional post-doctoral training period.

### Advancing Digitization of Biodiversity Collections (ADBC) (Thematic Collections Networks)

**Award Info:** Budgets for TCN proposals should reflect the scope of work proposed and should not exceed four years in duration.

**Description:** Thematic Collections Network (TCN) proposals will be submissions for two-to-four year awards to digitize existing specimens based on a particular research theme. This research theme may be a grand challenge for biodiversity, a part of a grand challenge, or another important research theme requiring information...

### Advancing Informal STEM Learning (AISL)

**Award Info:** Limits for funding requests of AISL proposals are as follows: (1) Pilots and Feasibility projects: up to $300,000 with durations up to two years; (2) Research in Service to Practice projects: from $300,000 to $2,000,000 with durations from two to five years; (3) Innovations in Development projects: $500,000...

**Description:** The AISL program is situated within the Division of Research on Learning in Formal and Informal Settings (DRL). DRL's mission is to cultivate and catalyze fundamental and applied research and development (R&D) to improve the learning of science, technology, engineering, and mathematics for the nation...

### Improving Undergraduate STEM Education: Pathways into Geoscience (IUSE: GEOPATHS)

This program is focused on improving undergraduate STEM education in geoscience.
**IUSE / Professional Formation of Engineers: Revolutionizing Engineering Departments (IUSE/PFE: RED)**

**Sponsor:** NSF

**Deadlines**
- Internal: Jan 1, 2021
- Sponsor: Feb 7, 2021

**Limited Submission**
- Limit: 2
- Applied: 0

**Award Info:**
Estimated Number of Awards: 2-3. RED Innovation awards are anticipated; the budget for RED Innovation proposals is between $1,000,000-$2,000,000 for a duration of up to 5 years. 2-3 RED-A&I awards are anticipated; the budget for RED A&I proposals has a maximum of $1,000,000 for a duration of...

**Description:**
The goal of the RED program is to catalyze revolutionary, not incrementally reformist, changes to the education of the next generation of engineers. Revolutionary means radically, suddenly, or completely new; producing fundamental, structural change; or going outside of or beyond existing norms and principles...

**Early Translational Research Award (ETRA)**

**Sponsor:** CPRIT

**Limited Submission with Open Deadline**
- Limit: 1
- Applied: 0

**Award Info:**
The maximum duration for this award mechanism is 2 years. Applicants may request up to $2,000,000 in total costs over a period of 1 to 2 years.

**Description:**
The ETRA is intended to bridge the gap between promising new discoveries achieved in the research laboratory and the commercial development of a therapeutic product, medical device, or diagnostic assay through activities up to and including preclinical proof-of-concept data that demonstrate...

**Camille Dreyfus Teacher-Scholar Awards**

**Sponsor:** Dreyfus

**Deadlines**
- Internal: Dec 15, 2020
- Sponsor: Feb 6, 2021

**Limited Submission**
- Limit: 1
- Applied: 0

**Award Info:**
Provides a $100,000 unrestricted research grant. Of the total amount, $7,500 is for departmental expenses associated with research and education. Charges associated with indirect costs or institutional overhead are not allowed. Defrayal of academic-year salary is not permitted. Funds are normally expended...

**Description:**
The Camille Dreyfus Teacher-Scholar Awards Program supports the research and teaching careers of talented young faculty in the chemical sciences. Based on institutional nominations, the program provides discretionary funding to faculty at an early stage in their careers. Criteria for selection include...

**Harnessing the Data Revolution (HDR): Data Science Corps (DSC)**

**Sponsor:** NSF

**Anticipated Deadlines**
- Internal: Dec 10, 2020
- Sponsor: Feb 14, 2021

**Limited Submission**
- Limit: 1
- Applied: 0

**Award Info:**
Awards will typically be in the range of $1,000,000 to $1,200,000 for 3 years.
### Description:
The objective of the Data Science Corps is to help build a strong, national data science infrastructure and workforce. By engaging data science students and professionals in real-world data science implementation projects, the Data Science Corps aims to help bridge the data-to-knowledge gap in organizations.

### Ethical and Responsible Research (ER2)

**Sponsor**: NSF

**Deadlines**
- Internal: Dec 31, 2020
- Sponsor: Feb 22, 2021

**Award Info**: The maximum amount for 5-year awards is $600,000 (including indirect costs) and the maximum amount for 3-year awards is $400,000 (including indirect costs). The average award is $275,000.

### Meadows Foundation Grants

**Sponsor**: Meadows

**Limited Submission with Open Deadline**: Limit: 1

**Award Info**: Requests of any amount are considered. There are no application deadlines, and grant applications are accepted at any time. Each organization is limited to one application within a 12-month period.

### Science and Technology Centers (STC): Integrative Partnerships

**Sponsor**: NSF

**Anticipated Deadlines**
- Internal: May 1, 2020
- Sponsor: Jun 25, 2020

**Award Info**: Up to a total of $25 million may be available, pending the availability of funds, for first-year support of newly funded Centers beginning in FY 2021. NSF expects to make up to 5 awards, contingent on availability of funds and receipt of competitive proposals. Each award will be made as a cooperative...

### NSF Scholarships in Science, Technology, Engineering, and Mathematics (S-STEM)

**Sponsor**: NSF

**Deadlines**
- Sponsor: Mar 31, 2021

**Award Info**: $70,000,000 to $95,000,000 annually, for new and continuing awards. The program supports three types of projects. Awards for Track 1 (Institutional Capacity Building) projects may not exceed $650,000. Awards for Track 2 (Design and Development: Single Institution) projects may not exceed $1.0 million.
### NIH Director’s Pioneer Award Program (DP1 Clinical Trial Optional)

**Sponsor:** NIH [External Link](#)  
**Deadlines:** Sponsor: Sep 11, 2020

- **Award Info:** Pioneer awardees are required to commit the major portion (more than 6 person-months or at least 51%) to activities supported by the Pioneer Award research project in the first three years of the project period. Awards will be for $700,000 in direct costs per year, 5 years max.

- **Description:** In the Pioneer Award program, emphases are on the qualities of the investigator, the innovativeness, and potential impact of the proposed research. Preliminary data and detailed experimental plans are not requested. To be considered pioneering, the proposed research must reflect substantially different...

### Physics Frontiers Centers (PFC)

**Sponsor:** NSF [External Link](#)  
**Limited Submission with Open Deadline**  
**Limit:** 2  
**Applied:** 0

- **Award Info:** Individual PFC awards are expected to range in size between $1.0 million/year and $5.0 million/year. The number of awards in FY 2020 is expected to be in the range 3-5, depending upon the availability of funds and the quality of proposals received. Awards will be made for five years, with an option for...

- **Description:** The Physics Frontiers Centers (PFC) program supports university-based centers and institutes where the collective efforts of a larger group of individuals can enable transformational advances in the most promising research areas. The program is designed to foster major breakthroughs at the intellectual...

### Beckman Young Investigators Program

**Sponsor:** Arnold and Mable Beckman Foundation [External Link](#)  
**Deadlines:** Sponsor: Aug 4, 2020

- **Award Info:** The BYI program is open to those within the first three years of a tenure-track position, or an equivalent independent research appointment, at a United States academic or non-profit institution that conducts research in chemical and life sciences. Tenure Track dates for the 2020 program must start after...

- **Description:** Projects proposed for the BYI program should be truly innovative, high-risk, and show promise for contributing to significant advances in chemistry and the life sciences. They should represent a departure from current research directions rather than an extension or expansion of existing programs. Proposed...

### Computational Science and Technology Advanced Research Studies (C-STARS) at Oak Ridge National Laboratory

**Sponsor:** ORAU [External Link](#)  
**Award Info:** Appointment periods are based on academic schedules, with a minimum of three months. Appointment will include a stipend (paid biweekly), commensurate with academic status, $175/week for housing allowance (paid biweekly), and limited travel reimbursement, if full-time and permanent address is at least...

- **Description:** Proposals accepted anytime. The Oak Ridge National Laboratory Computational Science & Technology Advanced Research Studies Program (C-STARS) is highly selective and offers challenging graduate research opportunities in the computational sciences. C-STARS participants conduct research...

### NIH Science Education Partnership Award (SEPA) (R25)

**Sponsor:** NIH [External Link](#)
Anticipated Deadlines

**Internal:** Jun 1, 2020  
**Sponsor:** Jul 14, 2020

- **Limited Submission**
  - Limit: 1  
  - Applied: 1  
  - Selected: Walter Voit

**Award Info:** Direct costs are limited to $250,000 annually. Maximum 5 years. Indirect costs are capped at 8%.

**Due dates:** July 14, 2020; July 13, 2021; July 13, 2022

**Description:** The NIH Research Education Program (R25) supports research education activities in the mission areas of the NIH. The overarching goal of this R25 program is to support educational activities that complement and/or enhance the training of a workforce to meet the nation’s biomedical behavioral...
**Anticipated Deadlines**

**Award Info:** The Large Research Grants on Education Program supports education research projects that will contribute to the improvement of education, broadly conceived, with budgets ranging from $125,000 to $500,000 for projects ranging from one to five years. We accept Intent to Apply forms twice a year.

**Description:** This program is “field-initiated” in that proposal submissions are not in response to a specific request for a particular research topic, discipline, design, method, or location. Our goal for this program is to support rigorous, intellectually ambitious and technically sound research that...

View Opportunity Details [View Opportunity Details](#)
Award Info:
This Funding Opportunity Announcement (FOA) employs an R21 Exploratory/Developmental Research Grant mechanism enhanced to provide $400,000 in direct costs over three years, allowing expanded time and resources to pursue a new or emerging research program.

Description:
Standard NIH R21 due dates
This Trailblazer Award is an opportunity for New and Early Stage Investigators to pursue research programs of interest to the NIBIB at the interface of engineering and/or the physical sciences with the biomedical sciences. Applicants are encouraged to contact the...
### Core Facility Support Awards

Core Facility Support Awards seek to facilitate the development or improvement of core facilities that will provide valuable services to support and enhance scientifically meritorious cancer research projects. A user group of Texas-based investigators must be identified, each of whom should have supported...

NOSI: Clinical and Translational Science Award (CTSA) Program Applications to Address 2019 Novel Coronavirus (COVID-19) Public Health Need

FACULTY
Investigator Initiated Extended Clinical Trial (R01 Clinical Trial Required)
The Funding Opportunity Announcement (FOA) invites applications for the implementation of investigator-initiated clinical trials requiring an extended project period of 6 or 7 years. The trials can be any phase, must be hypothesis-driven, and related to the research mission of one of the participating organizations.

For funding consideration, applicants must include "NOT-TR-20-012" (without quotation marks) in the Agency Routing Identifier field (box 4B) of the SF424 R&R form. Applications without this information in box 4B will not be considered for this initiative.

The purpose of this Funding Opportunity Announcement (FOA) is to solicit research applications for milestone-driven projects focused on preclinical development of lead candidate therapeutics, vaccines and related countermeasures against select NIAID Emerging Infectious Diseases/Pathogens.

NIH expects to fund an estimate of 6-10 awards, corresponding to a total of $1,000,000, for fiscal year 2019. Future year amounts will depend on annual appropriations.

AHRQ expects to make at least $2.5M available to fund meritorious revision supplements in FY2020. AHRQ plans to release the supplement announcement in April 2020 with an opening date in mid-May.

AHRQ intends to publish a new funding notice allowing requests for urgent revision supplements to existing AHRQ grants and cooperative agreements to address health system responsiveness to COVID-19.
agreements to address health system responsiveness to COVID-19. AHRQ intends to allow grantees with active AHRQ research grants to submit requests.

**FACULTY**  Urgent Competitive Revision to Existing NIH Grants and Cooperative Agreements (Urgent Supplement - Clinical Trial Optional)

| Sponsor: NIH | Tags: COVID |

**Award Info:** The number of awards is contingent upon NIH appropriations and the submission of a sufficient number of meritorious applications. Application budgets are not limited but need to reflect the actual needs of the proposed project. The parent award must be active when the application is submitted.

**Description:** The National Institutes of Health (NIH) hereby notify Principal Investigators holding specific types of NIH research grants, listed in the full Funding Opportunity Announcement (FOA) that funds may be available for competitive revisions to meet immediate needs to help address a specific public health issue.

| Sponsor: Agency for Healthcare Research & Quality | Tags: COVID |

**Award Info:** AHRQ is working to publish the FOA in early May 2020 with submissions due in June 2020. Current AHRQ grantees should also see AHRQ’s Notice of Intent to allow revision supplements to existing AHRQ grants and cooperative agreements to address health system responsiveness to COVID-19.

**Description:** NOT-HS-20-008 AHRQ intends to publish a new funding opportunity announcement using the R01 mechanism to support novel, high-impact studies evaluating health system and healthcare professional responsiveness to COVID-19. This Notice is being provided to allow potential applicants sufficient time...

| **Award Info:** | The latest BARDA Broad Agency Announcement (BAA) is amendment 14 posted on March 9, 2020. Note: COVID-19 response related Areas of Interest includes: AOI 7.7.1 Diagnostic assay for human coronavirus using existing FDA-cleared platforms AOI 7.7.2 Point-of-care diagnostic assay... |
| **Description:** | We appreciate your interest in partnering with BARDA. Due to the COVID-19 response, any white papers or full proposals submissions, other than those that are in support of COVID-19, will be put into a queue. Once the response to COVID-19 has subsided, we will resume normal review of submissions for other... |

| **Award Info:** | Multiple awards are anticipated and are dependent upon the program priorities, scientific/technical merit of submissions, how well submissions fit within the AOI, and the availability of funding. The program funding is subject to change based on the government’s discretion. |
| **Description:** | We are now seeking abstract submissions for the following: AOI #4.1-A: Molecular Diagnostic Assay for SARS-CoV-2 virus on existing FDA-cleared platform AOI #4.1-B: Point-of-Care Diagnostic Assay for detection of SARS-CoV-2 virus AOI #4.1-C: Diagnostic Assay for detection of COVID-19 disease |

| **Award Info:** | Application budgets are generally limited to no more than $100,000 direct costs per year. Should the proposed research require a higher budget, the applicant should consult with the program official assigned to the parent award and include a strong justification for the larger budget in the supplement... |

| **Award Info:** | N/A |
| **Description:** | The Department encourages you to consider scientific questions that underpin COVID-19 response and that the research community may answer using DOE user facilities, computational resources, and enabling infrastructure. Please send research questions that the scientific community may address with DOE... |

**View Opportunity Details»**
The NIH will dedicate funds provided by the CARES Act to support a total of 5-10 Transformative Research Awards (through this FOA) or Early Independence Awards (through RFA-RM-20-021).

The NIH Director's Transformative Research Award Program supports collaborative investigative teams or individual scientists who propose unusually innovative research projects. For this FOA, the project should have the potential to have a broad impact on SARS-CoV-2 prevention, preparation, or response.

Awards will be for up to $250,000 in direct costs per year, plus applicable Facilities and Administrative (F&A) costs. The project period is limited to five years.

The NIH Director's Early Independence Award (a component of the High-Risk, High-Reward Research program of the NIH Common Fund) supports exceptional junior investigators who wish to pursue independent research soon after completion of their terminal doctoral degree or post-graduate clinical training.

The total project period may not exceed 1 year.

This Funding Opportunity Announcement (FOA) invites applications from investigators who strive to expand their research trajectories through the acquisition of new knowledge and skills in the areas of basic psychological processes, sociological processes, and/or biomedical pathways—expertise that...
