### Early Translational Research Award (ETRA)

- **Sponsor**: CPRIT
- **Award Info**: The maximum duration for this award mechanism is 2 years. Applicants may request up to $2,000,000 in total costs over a period of 1 to 2 years.
- **Description**: The ETRA is intended to bridge the gap between promising new discoveries achieved in the research laboratory and the commercial development of a therapeutic product, medical device, or diagnostic assay through activities up to and including preclinical proof-of-concept data that demonstrate...

### Meadows Foundation Grants

- **Sponsor**: Meadows Foundation
- **Award Info**: Requests of any amount are considered. There are no application deadlines, and grant applications are accepted at any time. Each organization is limited to one application within a 12-month period.
- **Description**: The Foundation looks for one or more of the following conditions in an application:
  - Foundation support would be vital or catalytic to a proposed project’s success
  - The project is well planned and the agency has the capacity to execute the plan
  - Financial support from other sources...

### Physics Frontiers Centers (PFC)

- **Sponsor**: NSF
- **Award Info**: Individual PFC awards are expected to range in size between $1.0 million/year and $5.0 million/year. The number of awards in FY 2020 is expected to be in the range 3-5, depending upon the availability of funds and the quality of proposals received. Awards will be made for five years, with an option for...
- **Description**: The Physics Frontiers Centers (PFC) program supports university-based centers and institutes where the collective efforts of a larger group of individuals can enable transformational advances in the most promising research areas. The program is designed to foster major breakthroughs at the intellectual...
