Requests of any amount are considered. There are no application deadlines, and grant applications are accepted at any time. Each organization is limited to one application within a 12-month period.

Description:
The Foundation looks for one or more of the following conditions in an application:
- Foundation support would be vital or catalytic to a proposed project's success
- The project is well planned and the agency has the capacity to execute the plan
- Financial support from other sources...

**Beckman Young Investigators Program**

**Sponsor**
Arnold and Mable Beckman Foundation
External Link

**Deadlines**
Sponsor: Aug 1, 2023

**Award Info:**
The BYI program is open to those within the first four years of a tenure-track position, or an equivalent independent research appointment, at a United States academic or non-profit institution that conducts research in chemical and life sciences.
Tenure-Track dates for the 2024 program must...

**Description:**
Projects proposed for the BYI program should be truly innovative, high-risk, and show promise for contributing to significant advances in chemistry and the life sciences. They should represent a departure from current research directions rather than an extension or expansion of existing programs....

**Computational Science and Technology Advanced Research Studies (C-STARS) at Oak Ridge National Laboratory**

**Sponsor**
ORAU

**Award Info:**
Appointment periods are based on academic schedules, with a minimum of three months. Appointment will include a stipend (paid biweekly), commensurate with academic status, $175/week for housing allowance (paid biweekly), and limited travel reimbursement, if full-time and permanent address is at least...

**Description:**
Proposals accepted anytime.
The Oak Ridge National Laboratory Computational Science & Technology Advanced Research Studies Program (C-STARS) is highly selective and offers challenging graduate research opportunities in the computational sciences. C-STARS participants conduct research...
FACULTY  
Research Program - 2021

Sponsor  
WMKeck

Award Info:  
Grants range from $500,000 to $5 Million and are typically $2 million or less.

Description:  
The Research Program seeks to benefit humanity by supporting projects in two specific areas (1) medical research and (2) science and engineering, that are distinctive and novel in their approach, question the prevailing paradigm, or have the potential to break open new territory in their field.

FACULTY  
Large Research Grants on Education Program

Sponsor  
Spencer Foundation

Award Info:  
The Large Research Grants on Education Program supports education research projects that will contribute to the improvement of education, broadly conceived, with budgets ranging from $125,000 to $500,000 for projects ranging from one to five years. We accept Intent to Apply forms twice a year.

Description:  
This program is "field-initiated" in that proposal submissions are not in response to a specific request for a particular research topic, discipline, design, method, or location. Our goal for this program is to support rigorous, intellectually ambitious and technically sound research that...

GRADUATE  
Science of Science - Doctoral Dissertation Research Improvement Grants (SOS DDRIG)

Sponsor  
NSF

**Deadlines**
Sponsor: Feb 10, 2022

**Award Info:**
Two annual dates per year - February 10 and September 9

DDRIG proposals must be submitted with a principal investigator (PI) and a co-principal investigator (Co-PI). The PI must be the advisor of the doctoral student or another faculty member at the U.S. IHE where the doctoral student is enrolled.

**Description:**
The Science of Science: Discovery, Communication, and Impact (SOS:DCI) program is designed to understand the scientific research enterprise and increase the public value of scientific activity. The program pursues this goal by supporting basic research in three fundamental areas:

- How to increase...

**Sponsor**
HHMI

**Anticipated Deadlines**
Sponsor: Sep 2, 2022

**Award Info:**
- Investigators are employees of HHMI and receive salary and benefits from the Institute.
- Investigators are provided generous financial support for research as well as access to capital equipment funds.
- Investigators belong to a community of nearly 300 investigators as well as other HHMI-funded...

**Description:**
The HHMI investigator appointment has a seven-year renewable term. Renewal decisions are made by HHMI scientific leadership, based on assessment by a panel of distinguished scientists, including members of HHMI advisory boards.

- Hold a PhD and/or MD (or the equivalent).
- Have a tenured...

**Sponsor**
NIST

**Summer Undergraduate Research Fellowship (SURF)**
**Award Info:**

$5,500 student stipend paid.

**Internships** - This is a continuous 11-week appointment scheduled May 18, 2020 to July 31, 2020. Students are appointed as guest researchers not federal employees.

**Full-Time** - Participants are expected to report to duty Monday through Friday during...

**Description:**

The SURF Program is designed to inspire undergraduate students to pursue careers in STEM (science, technology, engineering, and mathematics) through a unique research experience that supports the NIST mission. Since 1993, SURF students from across the country have had the opportunity to gain valuable,...

**Award Info:**

Matching grants generally will range from $10,000 to $100,000. No grants will be made below $10,000. In the past few years, well over half of the agency's grants have been for amounts less than $25,000.

**Deadlines in February and July**

**Description:**

The National Endowment for the Arts is committed to supporting activities that reflect the dynamic, diverse, and evolving nature of the media arts field. Applicants may apply in this Grants for Arts Projects category for media arts projects that support creation, exhibition, education, and distribution...
**AFOSR Young Investigator Program (YIP)**

**Sponsor**
AFOSR/AFRL

**Deadlines**
Sponsor: Jun 6, 2022

**Award Info:**
Most YIP awards are funded up to $150,000 per year for three years, for a total of $450,000. Each three year budget must not exceed $150,000; regardless if the total budget is $450,000. Exceptional proposals will be considered individually for higher funding levels and/or longer duration.

**Description:**
The Fiscal Year 2023 Air Force Young Investigator Research Program (YIP) intends to support early career scientists and engineers who have received Ph.D. or equivalent degrees by 1 April 2015 or later showing exceptional ability and promise for conducting basic research. The program objective is to...

Early-Career Research Fellowship

Sponsor
Anticipated Deadlines
Sponsor: Jan 11, 2023

Award Info:

- There are four different tracks:
  - Human Health and Community Resilience
  - Environmental Protection and Stewardship
  - Offshore Energy Safety
  - Education Research

Award Amount:

- An award of $76,000 is paid to each fellow's...

Description:

The Gulf Research Program's Early-Career Research Fellowship supports emerging scientific leaders as they take risks on research ideas not yet tested, pursue unique collaborations, and build a network of colleagues who share their interest in improving offshore energy system safety and the well-being...

Sponsor: Feb 17, 2022

Award Info:

- Award Amount:
  - Funding is for one or two years and is up to $35,000 per year. The Foundation does not pay institutional overhead on the BBRF Young Investigator Grant Program.

Description:

BBRF Young Investigator Grants provide each scientist with up to $35,000 per year for two years totaling $70,000 to enable promising investigators to either extend research fellowship training or begin careers as independent research faculty. The Brain & Behavior Research Foundation awarded the first...

**Award Info:**

Grants are set at $300,000 for a three-year period with $100,000 payable in the first year and equal sums payable in the second and third years and are subject to the receipt of acceptable progress reports.

**Description:**

The Searle Scholars Program Scientific Advisory Board is primarily interested in the potential of applicants to make innovative and high-impact contributions to research over an extended period of time.

Applicants for the competition are expected to be pursuing independent research...

Deadlines
Apr 30, 2024

Internal Funding
Applied: 0

Award Info:
The maximum allowable budget for a AHT/STEM Collaboration Grant is $25,000. The duration of the AHT/STEM Collaboration Grant award is 12 months.

Description:
The UT Dallas AHT/STEM Collaboration Grant is an internal funding mechanism designed to stimulate interdisciplinary research collaborations between AHT and STEM faculty. Principal investigators (PIs) who accept a UT Dallas AHT/STEM Collaboration Grant commit to the pursuit of external funding for...

2024 Catalyst Grants
Catalyst for Discovery Program Grants are intended to support fundamental chemical research at institutions in Texas aimed at solving significant problems for the benefit of humankind. The level of support is calibrated to reduce barriers to discovery and provide flexibility in the manner of experimentation...

EERE expects to make a total of approximately $10,000,000 ($10M) of federal funding available for new awards under this FOA, subject to the availability of appropriated funds. EERE anticipates making approximately 10-20 awards under this FOA. EERE may issue one, multiple, or no awards. Individual...

To bridge the gap between applied R&D and large-scale demonstration initiatives, AMMTO plans to fund prototyping and small-scale pilots in technologies important to the CMM supply chain to accelerate their deployment. Projects funded under this FOA will mature and validate technologies or processes...
